

**ELECTRONIC DESIGN &
MANUFACTURING SERVICES**

DEC Elettronica, from 1990

DEC ELETTRONICA is an Italian company that has been operating in the electronics sector for over 30 years.

At **DEC ELETTRONICA**, we study, design, and develop customized solutions for electronic boards and devices across various industrial sectors.

For us, competence, flexibility, and innovation are inextricably linked. Through this approach, we aim to achieve our goal: **to deliver the best possible product to our clients.**

KEYWORDS

-  Human capital, organization, trust, safety
-  Intellectual and technological capital
-  Direct relationship with the customer, aligned with their needs

DEC Elettronica engineering & industrialization

R&D

WE PROVIDE A COMPLETE PROCESS, FROM
FEASIBILITY STUDY TO INDUSTRIALIZATION AND
PRODUCTION

- Specialized engineers
- From idea to final product
- Hardware, Firmware, and Software
- Industrialization
- Prototyping
- Technical documentation
- Certification support

DEC Elettronica

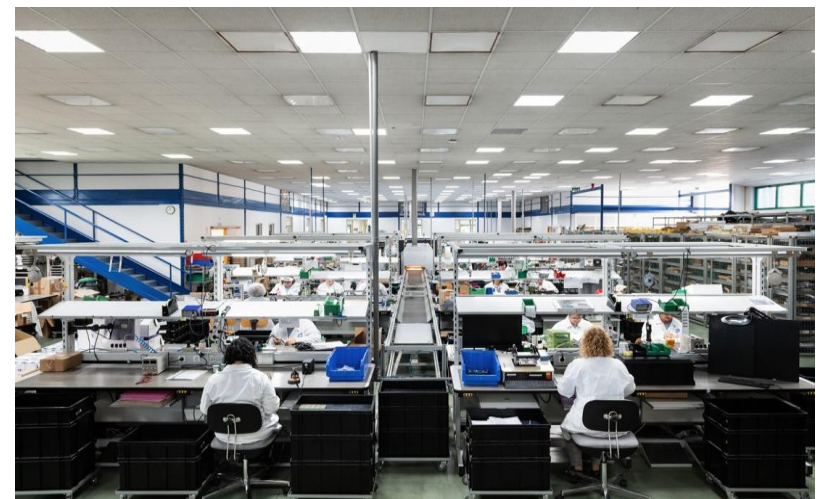

certified lean technologies and processes

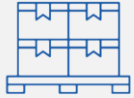

PRODUCTION

WE ADHERE TO THE HIGHEST QUALITY STANDARDS, CERTIFIED AND GUARANTEED.

- Highly qualified personnel
- SMD assembly lines
- PTH assembly
- Wave soldering
- PTH finishing and inspection
- Testing
- In-circuit programming
- Final product assembly
- Lean Continuous Improvement
- Certified quality

DEC Elettronica integrated supply chain

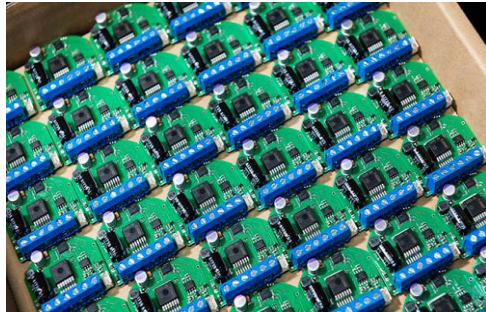

PROCUREMENT

- Component purchasing
- Selected suppliers
- Alternative management
- Continuous monitoring
- Incoming inspection

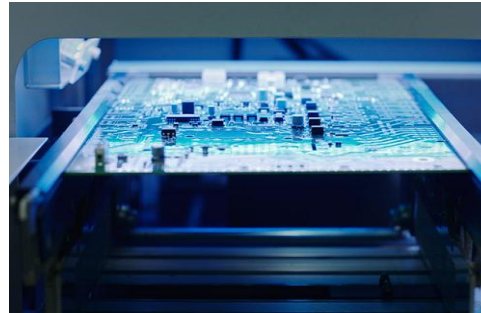

LOGISTICS

- Monitored material
- Tracking
- Packaging and labeling
- Warehousing
- Shipping
- Subcontracting

QUALITY

- ISO 9001 and ISO 14001
- Traceability
- Documentation
- Procedures
- Continuous improvement

DEC Elettronica sectors

Medical

Wireless -IoT

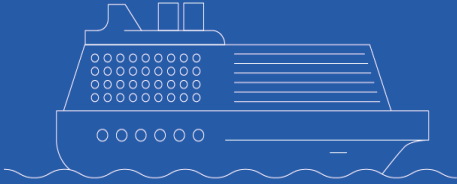

Metering and Water Treatment

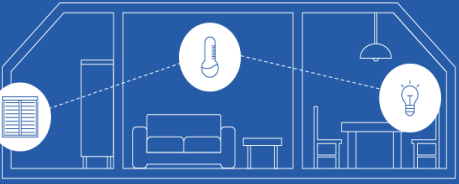

HoReCa and Professional Food Service

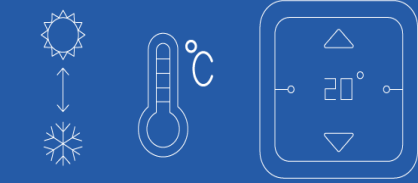

Naval and Shipbuilding

Home Automation

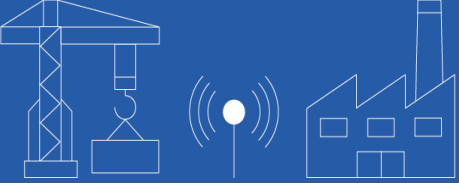

HVAC/R - Temperature Controls

Remote Monitoring Systems

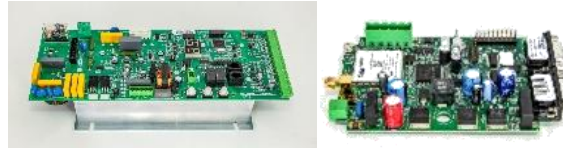

Industrial Automation

METERING

DEC Elettronica in numbers

- Present in the market for **over 30 years**
- Strong international presence with exports to **6 countries**
- Successfully served over **50 clients**
- Over **1M electronic boards** produced in the last 5 years
- **2 SMT lines** and **1 PTH line**
- **2 AOI** machines
- More than **40 people** across design, offices, and production
- A **network** of consultants and suppliers to provide **360°** service
- **2 quality certifications**
